Sorry, should have waited a minute before sending the last e-mail.

I just spoke with Karen Raines (Blades Town Clerk). Karen confirmed that all residents who are eligible for filters, based on the most recent sampling results, have picked up their filters.

This would include the 3 residences discussed in Rick's earlier e-mail as well as the initial residence Ex. 6 Personal Privacy (PP) contacted yesterday.

Thank you – Kelley

Quick follow-up to Rick's e-mail:

Ex. 6 Personal Privacy (PP) called me back. I explained that his well results was below, but within 75% of the HAL of 70 ppt. And that DNREC is providing a filter as a precaution. He indicated he will pick up a filter from the Town.

Also, wanted to let you know that following the call this morning I confirmed that the second sample collected on Monday 2/19/18 from the Blades public well post treatment was **non-detect** for all PFAS analytes.

EPA's contractor is working to prepare a data summary table and updated figure with all results to date. I will forward these as soon as possible.

We have not received any additional sampling results since this morning.

Kelley and I just contacted the following individuals to let them know about their results-

- 1 Ex. 6 Personal Privacy (PP) about their result of 364 ng/l PFOS/PFOA around 1:45 pm today. We told him to call with any questions. I also provided Jamie Mack's contact information. Ex. 6 Personal Privacy (PP) was going to get the filters today.
- 2 Attempted to contact Ex. 6 Personal Privacy (PP) about their result of 196 ng/l PFOS/PFOA around 2 pm today. Kelly and I reached Ex. 6 Personal Privacy (PP) the realtor for the property. Kelly and I attempted to communicate the information but Ex. 6 Personal Privacy (PP) requested that we contact her tomorrow between 9-11 am. We informed her that the tenants could pick up the filtration units. She will attempt to contact the tenants tonight.
- 3 Attempted to contact Ex. 6 Personal Privacy (PP) about their result of 59 ng/l PFOS/PFOA around 2:10 pm today. Kelly and I left a message about the results and filters and contact information.

Kelley will attempt to contact the property owners.

Please let me know if there are any questions.
